Claim Terms	LPL Proposed Constructions and Citations to Intrinsic Evidence	Tatung Defendants Proposed Constructions and Citations to Intrinsic Evidence	ViewSonic Corporation Proposed Constructions and Citations to Intrinsic Evidence
		<i>Kurihara</i> , U.S. Patent No. 5,946,061 (cited during prosecution of the patents-in-suit)	

In addition to the intrinsic evidence cited herein, all parties reserve the right to supplement this list to correct typographical errors or to include material inadvertently omitted. In addition to the intrinsic evidence cited herein, ViewSonic and the Tatung Defendants reserve the right to use other unidentified parts of the document from which a particular citation is derived which is necessary to put the material cited into the proper context. ViewSonic and the Tatung Defendants also reserve the right to supplement these cites solely as necessary to rebut assertions made by other parties during the claim construction process or as otherwise permitted by the Court.
